

LIVE MUSIC NOW ONLINE PROGRAMME FOR SCHOOLS

ACTIVITIES TO SUPPORT MUSICAL ENGAGEMENT AND WELLBEING

Live Music Now musicians have successfully delivered online music workshops and bespoke recordings for special schools and families over the past few months.

We use the school's preferred online platform. Our trained musicians follow LMN guidelines for safe online sessions and comply with school procedures for remote learning.

We have funding to subsidise the cost of sessions in certain geographical areas - so please do ask! Contact us today for more information. We can create a bespoke offer to support your school's needs. Email: schools@livemusicnow.org.uk

“ Music is central to the recovery curriculum, playing a vital role in schools helping their students to explore and express the varied emotions and challenges that they will have experienced during the pandemic.”
