

Working in partnership with schools to spark musical lives

Fun activities focused on engagement, communication, pupil choice and voice. Inspire curiosity and a love of music!

"The session supported pupils' personal and social development through focus, concentration, enjoying, participation, working together and social interaction with unfamiliar people." Teacher

Watch Session!

We know that many children and young people in special schools miss out on their entitlement to music. Our programmes are developed to support school music provision.

What are the benefits?

- music can be the key to unlocking choice, voice and self-esteem
- promotes deeper engagement and focus than many other activities enables meaningful interaction,

Why us?

- 97% of teachers scored us 4 or 5 out of 5 for pupil engagement
- shaped around your school and pupils
- our professional musicians work developmentally and inclusively with your pupils, following the social model of disability using a quality framework

A Participatory Concert - Live or Online

- A boost to wellbeing and experience
- The beginning of voice in music
- Pupils get up close to musicians
- Musicians connect with individual pupils and follow their lead
- Can be linked to curriculum themes
- One-off tasters

Music Workshops - Live or Online

- All Participatory Concert benefits plus...
- Personalised small group 30-45 minute sessions
- Pupils exercise further choice, voice and develop their musical instincts
- We use school instruments
- One-off tasters and/or 5-week, 10-week or whole year series

Musician in Residence Programme

- A structured year-long programme with a professional musician
- Weekly music workshops
- Informed by Sounds of Intent music development framework
- Embedded CPD for classroom music

Whole-school Music Development

A long-term relationship with us - tailored around your capacity and finances - will pay off in better outcomes for pupils, teaching staff and the school.
